Enjoy tasty wood-fired pizza with only the best locally sourced ingredients, some from right here on the land. We believe in the field to fork philosophy.

Take it home, to the lake or eat your pizza by the river, at our picnic table, on a blanket or while watching the sunset by the garden.

### The Ingredients

Our pizza pies are made with choice ingredients, grown, produced or raised in Manitoba.  
Crust: Made with organic Manitoba flours.  
Meat: Archie's Meats (Since 1932)  
Cheese: Bothwell Cheese (Since 1936)  
Veggies: Locally sourced in season.

Oven baked does not compare to wood-fired. Taste the difference and tell us what you think. While you're here experience the Whitemouth River Valley. Jenny and Michel are your tourism ambassadors and love sharing their passion for country living.
