

## Embark on a Journey of Transformation at Moon Gate

I trust this message finds you well and filled with vibrant energy. As the General Manager at Moon Gate Guest House, I am thrilled to invite you to Moon Gate for an extraordinary and transformative retreat experience.

**Why Moon Gate?** - Located just one hour east of Winnipeg, on the serene Whitemouth River on Treaty 3 Territory, Moon Gate is not just a venue; it's a haven for those seeking an authentic, heart-centered retreat. Our 100% Indigenous-owned, 6-acre property is dedicated to providing a unique blend of nature immersion, sustainability, and holistic well-being.

**Disconnect to Connect** - At Moon Gate, we believe in the power of disconnecting from the hustle of daily life to truly connect with and honour the elements of Earth, Air, Fire, and Water. Our geothermally heated/cooled accommodations, including a 5-bedroom guest house, and an off-grid round house, offer a comfortable sanctuary for your guests.

**Nature's Playground** - The Whitemouth River setting provides various activities, from kayaking and tubing to snowshoeing and meditation. Guests can indulge in wildlife watching or bask in the tranquility of nature. The simpler the better.

**Catering** - We offer year-round catering options, ensuring delicious meals for any occasion. Whether it's appetizers, tasty dinners or traditional foods, we've got you covered. Our commercial kitchen and brick pizza oven on-site enable catered meal plans, complementing the overall experience.

**Retreat Inclusions** - We have successfully hosted numerous retreats, ranging from small, intimate gatherings to larger yoga events. Our package includes a smudging and sharing circle upon arrival, sauna usage, BBQ, fire pit, wood, kayaks, snowshoes, linens, towels, and locally-made soap. A self-catered, locally sourced breakfast is provided, emphasizing organic ingredients, with dairy free and gluten free options.

**Tailored Experience** - Moon Gate offers the flexibility to customize your retreat. Utilize our treatment room for therapies or explore the sacred sites and activities nearby. We also collaborate with local experience providers to tailor offerings to your needs and desires.
